RAIN SPOILS JUAREZ CARD

HEAVY DOWNPOUR IS FOLLOWED BY WITH DRAWALS FROM MOST OF THE RACES.

Handicap Field Is So Reduced That Race Is Declared Off and Another Substituted-One Favorite Among Winners.

El Paso, Tex., February 7.—The mud runners were accorded a chance at Juarez this afternoon as a result of a heavy rain that fell last night. Cold and threatening weather, coupled with the bad track conditions, contributed to a decreased attendance. The regulars were out in force, however, and the ten bookmakers in line had pienty of patronage.

There was considerable scratching and the field for the handicap was so reduced that it was declared off and a six-furious selling race substituted. Only one favorite won during the afternoon. Gasket, the heavily-backed odds-on choice of the fifth race, wheeled completely around as the barrier went ap and ran the reverse way of the track.

Salesia, after winning the fourth race, was bid up by Harry McCarthy from \$300 to \$600, but was protected by owner H. C. Riddle.

Jockey B. Steele was suspended by starter Cassidy for five days for disobedience at the post. He will leave tomorrow for his home at Lexington, Ky., to rest until racing opens at that point. Steele has shown here that he is a competent rider and has displayed able horsemanship on several occasions.

Pride of Lismore was not cut down as badly as was thought in his last race, and trainer Joe Tigue feels confident that he will get the big sprinter to the post many times again before the meeting closes Gross was the only rider to score twice this after.

The going at Juarez today was of a peculiar kind.

Gross was the only rider to score twice this afternoon.

The going at Juarez today was of a peculiar kind. The track, while in a mushy, muddy condition, was neithed to be holding.

The Juarez track was muddy this morning after last night's heavy rain. Only a few horses worked and they went around the "dogs," as follows:

Acqueen—Half mile in 57, breezing. Liked the soft going.

Bill Finn—Three-eighths in 44, breezing. Butch Rock—Five-eighths in 1:15, breezing. Louch Rock—Five-eighths in 1:26, breezing.

Lonn Shark—Three-equarters in 1:26, breezing.

DR. TYREE'S RACING PLANS FOR 1913.

DR. TYREE'S RACING PLANS FOR 1913.

New York, February 7.—Dr. J. S. Tyree of Washington is enthusiastic over his two-year-old filly Lady Trinity, by Star Shoot—Semper d'Or, and thinks she has a royal chance to win the Epsom Oaks of 1914, for which she has been nominated. During a visit here this week, Dr. Tyree selected and registered names for the two-year-olds that are to carry his colors this season. Besides Lady Trinity, they include Grazelle. a chestnut daughter of McGee and White Plume: Harebell, a bay daughter of McGee and Interview: Littlest Rebel, a bay filly of McGee and Gold Rose: Kettledrum, a bay son of McGee and Flycatcher; Fort Monroe, a chestnut son of Royal Flush III. and Pirate Polly, and Laird o'Kirkcaldy, a chestnut son of Plaudit and Gunrod.

William Oliver will train the Tyree horses, which will begin to race this year at the Norfolk spring meeting, in addition to the two-year-olds the string includes Superstition, Astrologer, Yorkshire Boy and Robert Bradley. All of them are quartered at Benning and Mr. Oliver has kept them in excellent condition through the cold months. They are about ready for stiff galloping now. The riding will he done by Douglas Hoffman, a lightweight who has already shown some ability.

HALLENBECK HORSES WINTERING WELL.

New York, February 7.—Charles H. Hughes, the man who developed Hermis, was, here yesterday. His mission was the taking of Sebago to Kentucky from H. C. Hallenbeek's farm at Red Bank, N. J. Mr. Hughes said that he found all the Hallenbeek horses in the best of condition. Frank M. Taylor, who trained them so successfully last season, is there with his charges and while, of course, he greatly regrets the loss of Worth, which died as a result of injuries received in a race at Pimlico, he is well satisfied with the racing prospects of the stable for 1913. The Hallenbeek spring campaign will begin with the meeting at Norfolk.

LADIES' DAY AT PALMETTO PARK.

Biggest Crowd of Season in Attendance Yesterday-Open Betting Ring in Sight.

Open Betting Ring in Sight.

Charleston, S. C., February 7.—Members of the fair sex were again conspicuous at Palmetto Park today, the occasion being ladies' day. Their presence contributed to make the attendance by far the best that has witnessed the rating here this season. The continued success of the layers during the preceding few days was responsible for more stable ring conditions, prices being fairly liberal, with the consequence that action was sharper and the volume of play greater. The talent was in fairly good form, four favorites and two second choices scoring. The racing was interesting and at times marked by spirtted finishes. In some of the contests rough ricking played a prominent part in determining ricking was interesting and at times marked by spirtted finishes. In some of the contests rough ricking played a prominent part in determining ricking with it the defence of this should be received by crowding, but in his case it is doubtful if he would have cut a serious figure in the result even with the best kind of racing luck.

The J. L. Holland condition gain tried to put Eaton over, but he was beaten by Crowopsis in a hard drive in the first race. Gardenia, which has been showing marked improvement since her arrival acre, won the second race, with Clothes Brush second. Gold Cap showed a fine performance in the third race when he beat a good band of sprinters. The inconsistent Rose Queen ran to her best form in the fourth and won all the way. The fifth went to V. Powers, after he had secured an advantage soon after the start, through a jam which eliminates several of the contenders, and filly Vanderveer was decisively best in the closing dass.

The is a frequency with the open plan tomorrow, as several injusted on the open plan tomorrow, as weveral injusted to the open plan tomorrow, was everaling the afternoon and intimated that the desired eight independent layers could be mustered.
